## *How To Install the Discover Islam Web Book DVD*

---

**Summary:** This DVD contains some of the most comprehensive information about Islam and will reward the viewer with a deeper sense of purpose. The following resources are conveniently compiled together into one DVD making it the simplest, most efficient way to gain knowledge.

•The Holy Quran in eBook format, •Islamic audio, Islamic videos, Islamic software, and entire Islamic eBooks, •Recitation of the Holy Quran with an English translation.

## ***Discover Islam Self Extracting (SFX) files***

Double Click on **Discover Islam.part1.exe** and extract the files to C:\Temp folder or any folder. Once all the files are extracted, it will create the Discover-Islam.iso file.

## **OPEN DISCOVER ISLAM.ISO FILE:**

The ISO is a common DVD image format for Windows, Linux and other operating systems.

- **METHOD 1 (PREFERRED METHOD\*\*):** The simplest way to open Discover-Islam.iso file is to use your DVD Burner to burn them to a disk. Nero is a common program that is used, other programs can be used.
- **METHOD 2:** [7-Zip.org](http://7-Zip.org) or other unzip software will open the iso file and allow you to copy the contents of it to a folder (c:\discover-islam) on your hard drive.

**HOW TO RUN THE DISCOVER ISLAM WEB BOOK ON WINDOWS PC:** The DVD should start the program automatically. If for any reason it doesn't, enable Autostart or Explore/Open the DVD and double click on **Islam.exe**.

**PORTABLE DEVICES:** This DVD is packed with information that can be viewed (Audio and Video) on many of today's most popular portable devices including the iPhone, iPod, and Zune. Follow the normal procedure to download the file to your device and play. You can also listen on your Home/Car DVD player (Audio Only).
